CORPS OF ENGINEERS, DETROIT DISTRICT
477 MICHIGAN AVENUE
DETROIT, MI 48226-2550

February 11, 2019

REPLY TO
ATTENTION OF:

Engineering & Technical Services
Regulatory Office

The Detroit District, Corps of Engineers Regulatory Office (Corps) would like to offer your organization an opportunity to learn more about the Corps Regulatory Program through our outreach program. We are available to meet with waterfront property owners and other interested groups regarding the permit requirements for structures, work, and placement of dredged or fill material in wetlands and waterways. Through our presentations and workshops, we provide information, resources, and personal contacts for those seeking guidance with the permit process or other aspects of the Regulatory Program.

We are now offering these outreach events at your request. Corps staff is available to meet with your organization and cover topics such as working in regulated waterways, wetlands, and along shorelines; when a permit is required from the Corps, including specific requirements for projects typical of your area; how to apply for permits; and other services the Corps Regulatory Office provides. These outreach events are a great opportunity for participants to discuss a project one-on-one with Corps staff. Presentations and workshops are provided by Corps staff at no cost. The events may be held in a venue that you arrange or at a publicly available meeting room. We welcome the opportunity to discuss tailoring a presentation and/or workshop to your organization's interests as they relate to the Corps Regulatory Program.

I encourage you to share this information with others who may be interested in the Corps outreach program. If you have questions or would like to schedule an outreach event for your organization, please contact us by e-mail at LRE_Reg_Outreach@usace.army.mil or call (313) 226-7495. To learn more about the Corps Detroit District Regulatory Program, please visit our website at <http://www.lre.usace.army.mil/Missions/RegulatoryProgramandPermits.aspx>.

Sincerely,

A handwritten signature in black ink, reading "Charles M. Simon".
